

"Ware" Are We? Use Google Earth to Enhance Your Curriculum

Jim Farmer
Instructional Technology Coach
Ware County Schools
Waycross, GA

While viewing the slides in this presentation click on any of the underlined links to go to a page that will go into detail about that topic.

Enjoy and I hope you have fun with Google Earth! – This links to the download page for Google Earth. If you don't have it on your computer, download it now! Seriously, click it now!

Google Earth For Educators

What is it?

How do I use it?

What are some resources to help me?

What is Google Earth anyway?

- Visual, interactive world map
- Find, save, and fly to any location on earth with ease
- Free to download!!!
- Your students have access to the world
- iPhone? Get Google Earth in your hand
- Did I mention, FREE!

How do I use Google Earth ?

- User Guide

- Online instruction manual

- Getting Started

- Tutorial on how to use Google Earth

- Take a tour

- Explore, Search, and Discover

Google Earth - Academic Resources

- Lesson Ideas – actual lessons and resources you can use now in your classroom
- Sketch Up – Free 3d modeling program that allows you to import your work into Google Earth
 - Paper Models from Sketchup
- SKY – Turn to the sky for amazing astronomical views right from Google Earth

More links than you can shake a stick at!
